

ANNUAL INDEX

1994 SUBJECT INDEX

Access (Microsoft Corp.)

- "A New Genre of Database," T. Moriarty, Feb., 60-63.
- "True Desktop Confessions," B. von Halle, May, 11-13.
- "Desktop Dilemma Redux," B. von Halle, June, 11-16.
- "Improving End-User Access," D. Plotkin, Aug., 60-61.

Alpha Four (Alpha Software)

- "A Database That Does DOS," D. Plotkin, May, 61-63.

Application Development

- "Why We Need Object-Oriented Systems," C. F. Bowman, Feb., 26-30.
- "The Wolf at the Door," W. H. DeSmedt, April, 58-67.
- "Putting Rigor Back in RAD," K. C. Bourne, Aug., 24-30.
- "Comparing Apples to Apples," P. Winsberg, Sept., 25-28.
- "Organizing Chaos," D. Thomson, Oct., 56-63.
- "It's How You Say It," D. Tasker, Nov., 50-56.
- "12 Rules for Application Development," P. Winsberg, Dec. Supp., 23-29.

Application Partitioning

- "New Kids on the Block," P. Winsberg, July, 23-24.

Approach (Lotus Development Corp.)

- "Approaching the Big Leagues," D. Plotkin, Sept., 73-75.

Business Process Reengineering

- "Riding the Coattails of BPR," W. E. Rajput and B. von Halle, July, 13-15.
- "Whole Lot of Shaking Going On," W. E. Rajput and B. von Halle, Aug., 13-15.
- "From the Ground Up," W. E. Rajput and B. von Halle, Sept., 13-16.
- "Barriers and Bridges," T. Moriarty and B. von Halle, Dec. Supp., 43-47.

Business Rule Modeling

- "How Many Models?" B. von Halle, Jan., 11-13.
- "Questions Within Questions," B. von Halle, Feb., 13-16.
- "Seeing the Big Picture," B. von Halle, March, 13-16.
- "Uncovering the Truth," B. von Halle, April, 11-16.
- "Desktop Dilemma Redux," B. von Halle, June, 11-16.
- "Back to Business Rule Basics," B. von Halle, Oct., 15-18.
- "Living By the Rules," B. von Halle, Nov., 13-16.
- "Lessons to Learn From Tee-Ball," B. von Halle, Dec., 13-16.

CASE

- "Building on Today's Good Models," A. Tannenbaum, March, 26-31.

This index is a compilation of all articles and columns published in *Database Programming & Design* in 1994. Subject headings in the index are alphabetical; entries under each heading are listed chronologically.

- "The Next Generation of IRDS," T. Moriarty, March, 67-69.
- "The Wolf at the Door," W. H. DeSmedt, April, 58-67.
- "Repository and CASE: Harmony?" T. Moriarty, April, 68-71.
- "CASE Metamorphosis," T. Moriarty, May, 26-32.
- "CASE and Prototyping: Mind Over Model," W. H. DeSmedt, May, 47-49.

Client/Server Systems Development and Administration

- "A Three-Tier Solution," C. Loosley, Feb., 23-25.
- "Securing Your Enterprise," N. Alur, April, 23-25.
- "Look Before You Leap," C. Loosley, June, 23-25.
- "New Kids on the Block," P. Winsberg, July, 23-24.
- "Old Demons Never Die," N. Alur, Aug., 21-23.
- "Doing the Right Thing," J. C. Gray, Oct., 29-30.
- "Client/Server Challenges," C. Jones, Nov., 23-24.
- "Performance Design: Going for the Gold," C. Loosley, Nov., 26-30.
- "How to Predict Client/Server Performance," T. Quinlan, Dec., 33-41.
- "Client/Server Obsession," C. White, Dec. Supp., 7-9.

Code generators, SQL

- "Building Your Own SQL Generator," D. K. Burleson, Jan., 45-52.

Computer Associates

- "The Database Dozen," D. Stodder, Dec. Supp., 10-21.

Compuware

- "The Database Dozen," D. Stodder, Dec. Supp., 10-21.

Connectivity

- "One for All, All for One," P. Watt, Jan., 24-32.
- "Plug 'n Play Data: Standards First," J. van den Hoven, Jan., 34-43.
- "Managing Distributed Databases: An Enterprise View," D. Burleson, June, 26-34.
- "Performance Design: Going for the Gold," C. Loosley, Nov., 26-30.

Cross/Z (Cross/Z International)

- "Data Mining: Tapping Into the Mother Lode," L. Lewinson, Feb., 50-56.

Data Access, End-User

- "The Past is Now," M. Chalfin, April, 32-41.
- "Security in an Ad Hoc World," M. Chalfin, Aug., 32-40.
- "Simple Satisfaction," F. Schuff, Sept., 30-34.
- "Enterprise Data: One Step at a Time," B. Worobec, Oct., 64-67.
- "What Happened to Our Dream House?" A. Simon, Dec. Supp., 36-39.
- "What Isn't a Database Anymore?" I. Shoales, Dec. Supp., 48.

Data Administration

- "How Many Models?" B. von Halle, Jan., 11-13.
- "CASE Metamorphosis," T. Moriarty, May, 26-32.
- "Dear John, DA," R. M. Takoushian, May, 52-55.
- "Riding the Coattails of BPR," W. E. Rajput and B. von Halle, July, 13-15.
- "From the Ground Up," W. E. Rajput and B. von Halle, Sept., 13-16.
- "Compiling Your Wish List," T. Moriarty, Dec., 60-63.
- "Barriers and Bridges," T. Moriarty and B. von Halle, Dec. Supp., 43-47.

Data Mining

- "Data Mining: Tapping Into the Mother Lode," L. Lewinson, Feb., 50-56.

Data Modeling

- "A New Genre of Database," T. Moriarty, Feb., 60-63.
- "Building on Today's Good Models," A. Tannenbaum, March, 26-31.
- "From Model to Database," M. M. Davydov, March, 46-52.
- "It's in the Way That You Use It," D. McGovern, March, 54-63.
- "Generating the Physical," D. Plotkin, April, 75-77.
- "True Desktop Confessions," B. von Halle, May, 11-13.
- "Desktop Dilemma Redux," B. von Halle, June, 11-16.
- "Visualizing Database Structures," D. C. Hay, June, 39-45.
- "Supertypes and Subtypes: Modeling Power," G. Tillmann, July, 35-38.

Database Administration

- "One for All, All for One," P. Watt, Jan., 24-32.
- "10 Steps to Database Migration," K. Paris, July, 40-45.
- "We're Not in Kansas Anymore," H. Fossdick, Dec. Supp., 30-34.
- "Barriers and Bridges," T. Moriarty and B. von Halle, Dec. Supp., 43-47.

Database Design

- "Updating Union, Intersection, and Dif-

Database Administration

- "One for All, All for One," P. Watt, Jan., 24-32.
- "10 Steps to Database Migration," K. Paris, July, 40-45.
- "We're Not in Kansas Anymore," H. Fossdick, Dec. Supp., 30-34.
- "Barriers and Bridges," T. Moriarty and B. von Halle, Dec. Supp., 43-47.

Database Design

- "Updating Union, Intersection, and Dif-

ference Views," C. J. Date and D. McGoveran, June, 46-53.

"A New Database Design Principle," C. J. Date and D. McGoveran, July, 46-53.

"Updating Joins and Other Views," C. J. Date and D. McGoveran, Aug., 43-49.

"Oracle7 Triggers: The Challenge of Mutating Tables," K. Owens and S. Adams, Oct., 47-55.

"Living By the Rules," B. von Halle, Nov., 13-16.

"Relations and Their Meaning," C. J. Date, Dec., 19-22.

Database Gateway (Micro DecisionWare)

"Building the Franchise," D. Stodder, April, 5-6.

"Replication: Answering the Call," F. Schuff, April, 27-30.

DataBase Mining Workstation (HNC Inc.)

"Data Mining: Tapping Into the Mother Lode," L. Lewinson, Feb., 50-56.

DataPropagator/Relational (IBM)

"Replication: DB2, Oracle, or Sybase?" D. Stacey, Dec., 42-50.

DB2/MVS (IBM)

"24 Ways to Improve Database Performance," P. Viehman, Feb., 32-41.

"The Magic of Materialization," C. Dow, J. Rizner, and D. Stacey, March, 32-44.

"Replication: Answering the Call," F. Schuff, April, 27-30.

"The Past is Now," M. Chalfin, April, 32-41.

"The Riddle of Vanishing Rows," B. Engles, April, 42-56.

"The ABCs of Plans and Packages," N. S. Nur, May, 34-45.

"Dismissing Dynamic Dangers," C. S. Mullins, May, 57-59.

"Achieving Warehouse Success," J. Bischoff, July, 26-33.

"Security in an Ad Hoc World," M. Chalfin, Aug., 32-40.

"Simple Satisfaction," F. Schuff, Sept., 30-34.

"High-Performance DB2 Insert Strategies," N. Ross, Nov., 42-49.

DB2/6000 (IBM)

"Parallel Database: The Shape of Things to Come," M. Ferguson, Oct., 32-44.

"Breaking Up is Hard to Do," M. Ferguson, Nov., 33-41.

Decision-Support Systems

"Achieving Warehouse Success," J. Bischoff, July, 26-33.

"Guidelines for Warehouse Development," V. Poe, Sept., 60-64.

"The Future of Very Large Database," R. Winter, Dec., 26-31.

Distributed Database

"Look Before You Leap," C. Loosley, June, 23-25.

"Managing Distributed Databases: An Enterprise View," D. Burleson, June, 26-34.

"What Happened to Our Dream House?" A. Simon, Dec. Supp., 36-39.

Distributed Relational Database Architecture (DRDA) (IBM)

"DRDA, ISO RDA, X/Open: A Comparison," M. Zimowski, June, 54-61.

Domains

"Domains, Relations, and Data Types," C. J. Date, June, 19-21.

"Domains, Relations, and Data Types, Part II," C. J. Date, July, 19-21.

"Oh Oh Relational," C. J. Date, Oct., 23-27.

Duplicate Rows

"Toil and Trouble," C. J. Date, Jan., 15-18.

Dynasty (Dynasty Software)

"New Kids on the Block," P. Winsberg, July, 23-24.

EasyCASE (Evergreen CASE Tools Inc.)

"Back to the Basics," T. Moriarty, Aug., 56-59.

Enterprise Modeling

"Look Before You Leap," C. Loosley, June, 23-25.

"A Framework for Managing Model Objects," K. Seer and M. Wise, Aug., 50-55.

"Enterprise Data: One Step at a Time," B. Worobec, Oct., 64-67.

Entity-Relational Diagramming

"From Model to Database," M. M. Davydov, March, 46-52.

"Generating the Physical," D. Plotkin, April, 75-77.

"Visualizing Database Structures," D. C. Hay, June, 39-45.

"Supertypes and Subtypes: Modeling Power," G. Tillmann, July, 35-38.

ERWin (Logic Works)

"ERWin: IDEF1X At Its Best," T. Moriarty, June, 65-67.

"The Database Dozen," D. Stodder, Dec. Supp., 10-21.

Federated Database

"Managing Distributed Databases: An Enterprise View," D. Burleson, June, 26-34.

Flashpoint (KnowledgeWare Inc.)

"Mainframe Gets a New Face," D. Plotkin, Jan., 62-63.

Forté (Forté Software)

"New Kids on the Block," P. Winsberg, July, 23-24.

4D First (ACI Inc.)

"Real Power for Casual Users," D. Plotkin, Dec., 66-68.

FoxPro (Microsoft)

"Bridging the PC/Mac Gap," D. Plotkin, July, 65-67.

Graphical User Interfaces (GUIs)

"Mainframe Gets a New Face," D. Plotkin, Jan., 62-63.

"A New Genre of Database," T. Moriarty, Feb., 60-63.

"What About Legacy Systems?" P. Winsberg, March, 23-25.

"Putting Rigor Back in RAD," K. C. Bourne, Aug., 24-30.

"Comparing Apples to Apples," P. Winsberg, Sept., 25-28.

Groupware

"One for All, All for One," P. Watt, Jan., 24-32.

Hardware for Database

"Processing in Parallel," C. White, Jan., 21-22.

Hewlett-Packard

"The Database Dozen," D. Stodder, Dec. Supp., 10-21.

Hierarchies

"The Wolf at the Door," W. H. DeSmedt, April, 58-67.

Historical Data

"The Past is Now," M. Chalfin, April, 32-41.

IBM

"In Database Gasoline Alley," D. Stodder, May, 5-6.

"Many Happy Returns!" C. J. Date, Sept., 19-22.

"The Database Dozen," D. Stodder, Dec. Supp., 10-21.

IDAPI (Borland International)

"Plug 'n Play Data: Standards First," J. van den Hoven, Jan., 34-43.

"SQL Access Group Moves On," J. Melton, Feb., 67-69.

Indexes, Building

"The Magic of Materialization," C. Dow, J. Rizner, and D. Stacey, March, 32-44.

InfoModeler (Asymetrix)

"Pushing the Envelope," T. Moriarty, Sept., 66-69.

Information Systems Architecture (ISA), Zachman

"How Many Models?" B. von Halle, Jan., 11-13.

"Questions Within Questions," B. von Halle, Feb., 13-16.

"Seeing the Big Picture," B. von Halle, March, 13-16.

"Uncovering the Truth," B. von Halle, April, 11-16.

"CASE Metamorphosis," T. Moriarty, May, 26-32.

"A Framework for Managing Model Objects," K. Seer and M. Wise, Aug., 50-55.

"From the Ground Up," W. E. Rajput and B. von Halle, Sept., 13-16.

Informix (Informix Software)

"Breaking Up is Hard to Do," M. Ferguson, Nov., 33-41.

"The Database Dozen," D. Stodder, Dec. Supp., 10-21.

Integrity Rules, Data

"A Three-Tier Solution," C. Loosley, Feb., 23-25.

"A New Database Design Principle," C. J. Date and D. McGoveran, July, 46-53.

"Integrity Rules Revisited," C. J. Date, Nov., 19-21.

International DB2 Users Group (IDUG)

"Business With Pleasure," D. Stodder, Feb., 7-8.

"In Database Gasoline Alley," D. Stodder, May, 5-6.

IRDS standard, ANSI

"The Next Generation of IRDS," T. Moriarty, March, 67-69.

"Repository and CASE: Harmony?" T. Moriarty, April, 68-71.

Joins, Relational

"Updating Joins and Other Views," C. J. Date and D. McGoveran, Aug., 43-49.

Legacy Database Redevelopment

"Mainframe Gets a New Face," D. Plotkin, Jan., 62-63.

"What About Legacy Systems?" P. Winsberg, March, 23-25.

"The Past is Now," M. Chalfin, April, 32-41.

Logic and RDBMS

"Classical Logic: Nothing Compares 2 U," D. McGoveran, Jan., 54-61.

"Can't Lose What You Never Had," D. McGoveran, Feb., 42-48.

Access Path, J. R. Alexander, March, 11.

"It's in the Way That You Use It," D. McGoveran, March, 54-63.

Logical Modeling

"From Model to Database," M. M. Davydov, March, 46-52.

Lotus Notes (Lotus Development Corp.)

"One for All, All for One," P. Watt, Jan., 24-32.

"The Database Dozen," D. Stodder, Dec. Supp., 10-21.

Macintosh (Apple Computer), Database on

"Bridging the PC/Mac Gap," D. Plotkin, July, 65-67.

"Real Power for Casual Users," D. Plotkin, Dec., 66-68.

Management, IS

"Securing Your Enterprise," N. Alur, April, 23-25.

Many-Valued Logic

"Classical Logic: Nothing Compares 2 U," D. McGoveran, Jan., 54-61.

"Can't Lose What You Never Had," D. McGoveran, Feb., 42-48.

"It's in the Way That You Use It," D. McGoveran, March, 54-63.

MAPI (Microsoft Corp.)

"One for All, All for One," P. Watt, Jan., 24-32.

Message Passing, Object

"It's How You Say It," D. Tasker, Nov., 50-56.

Microsoft Corp.

"The Database Dozen," D. Stodder, Dec. Supp., 10-21.

Middleware

"Client/Server Obsession," C. White, Dec. Supp., 7-9.

Migration/Conversion, Database

"What About Legacy Systems?" P. Winsberg, March, 23-25.

"10 Steps to Database Migration," K. Paris, July, 40-45.

Model-Driven Development

"Building on Today's Good Models," A. Tannenbaum, March, 26-31.

Neural Networks

"Data Mining: Tapping Into the Mother Lode," L. Lewinson, Feb., 50-56.

NeuralWare (NeuralWare Inc.)

"Data Mining: Tapping Into the Mother Lode," L. Lewinson, Feb., 50-56.

Nijssen Information Analysis Methodology (NIAM)

"Pushing the Envelope," T. Moriarty, Sept., 66-69.

Nulls in SQL

"Classical Logic: Nothing Compares 2 U," D. McGoveran, Jan., 54-61.

"Can't Lose What You Never Had," D. McGoveran, Feb., 42-48.

Access Path, J. R. Alexander, March, 11.

"It's in the Way That You Use It," D. McGoveran, March, 54-63.

Access Path, letter from S. Ferg, July, 9-10.

Object Exchange (Borland International)

"One for All, All for One," P. Watt, Jan., 24-32.

Object-Oriented Database/Development

"A Three-Tier Solution," C. Loosley, Feb., 23-25.

"Why We Need Object-Oriented Systems," C. F. Bowman, Feb., 26-30.

"Oh Oh Relational," C. J. Date, Oct., 23-27.

"It's How You Say It," D. Tasker, Nov., 50-56.

Open Database Connectivity (ODBC) (Microsoft Corp.)

"Plug 'n Play Data: Standards First," J. van den Hoven, Jan., 34-43.

"ODBC and Conformance Levels," C. Hopson, Jan., 39.

"SQL Access Group Moves On," J. Melton, Feb., 67-69.

Operators, Relational

"Divide—and Conquer?" C. J. Date, April, 19-21.

"Relations Beyond Compare," C. J. Date, May, 15-18.

Optimizers, DBMS

"The Magic of Materialization," C. Dow, J. Rizner, and D. Stacey, March, 32-44.

"Breaking Up is Hard to Do," M. Ferguson, Nov., 33-41.

Oracle (Oracle Corp.)

"Trees, Databases, and SQL," J. Celko, Sept., 48-58.

"Parallel Database: The Shape of Things to Come," M. Ferguson, Oct., 32-44.

"Oracle7 Triggers: The Challenge of Mutating Tables," K. Owens and S. Adams, Oct., 47-55.

"Organizing Chaos," D. Thomson, Oct., 56-63.

"Breaking Up is Hard to Do," M. Ferguson, Nov., 33-41.

"Replication: DB2, Oracle, or Sybase?" D. Stacey, Dec., 42-50.

"The Database Dozen," D. Stodder, Dec. Supp., 10-21.

Paradox for Windows (Borland International)

"A New Genre of Database," T. Moriarty, Feb., 60-63.

Parallel Database

"Processing in Parallel," C. White, Jan., 21-22.

"Big Database Under Unix: What Can Make It Fly?" M. M. Davydov, Sept., 37-45.

"Parallel Database: The Shape of Things to Come," M. Ferguson, Oct., 32-44.

"Breaking Up is Hard to Do," M. Ferguson, Nov., 33-41.

Parts Explosion (Bill of Materials)

"Trees, Databases, and SQL," J. Celko, Sept., 48-58.

Performance, Modeling for

"Look Before You Leap," C. Loosley, June, 23-25.

"Performance Design: Going for the Gold," C. Loosley, Nov., 26-30.

"How to Predict Client/Server Performance," T. Quinlan, Dec., 33-41.

Physical Design

"24 Ways to Improve Database Performance," P. Viehman, Feb., 32-41.

"Replication: Answering the Call," F. Schuff, April, 27-30.

"Achieving Warehouse Success," J. Bischoff, July, 26-33.

Plans and Packages, DB2

"The ABCs of Plans and Packages," N. S. Nur, May, 34-45.

PowerMaker (Powersoft Corp.)

"Stepping Out of the Shadows," D. Plotkin, Nov., 65-67.

Powersoft Corp.

"The Database Dozen," D. Stodder, Dec. Supp., 10-21.

Puzzle Answers, C. J. Date's

"Putting the Pieces Together," C. J. Date, Feb., 19-20.

"A Solution for Every Problem," C. J. Date, Aug., 17-19.

Access Path, R. W. Donaldson, Dec., 9.

PVCS (Intersolv)

"Organizing Chaos," D. Thomson, Oct., 56-63.

Query Management Facility (QMF) (IBM)

"The Past is Now," M. Chalfin, April, 32-41.

RAID

"Old Demons Never Die," N. Alur, Aug., 21-23.

R&R Report Writer (Concentric Data Systems)

"Running With Report Writer," D. Plotkin, June, 68-69.

Rapid Prototyping

"The Wolf at the Door," W. H. DeSmedt, April, 58-67.

"Putting Rigor Back in RAD," K. C. Bourne, Aug., 24-30.

Reengineering and Reuse

"What About Legacy Systems?" P. Winsberg, March, 23-25.

"Building on Today's Good Models," A. Tannenbaum, March, 26-31.

"Reengineering: Destination Workflow," S. G. Schur, Dec., 52-58.

Relational Model and Database

"Toil and Trouble," C. J. Date, Jan., 15-18.
"Classical Logic: Nothing Compares 2 U," D. McGovern, Jan., 54-61.
"Putting the Pieces Together," C. J. Date, Feb., 19-20.
"Can't Lose What You Never Had," D. McGovern, Feb., 42-48.
"More on Dee and Dum," C. J. Date, March, 19-21.
"It's in the Way That You Use It," D. McGovern, March, 54-63.
"Divide—and Conquer?" C. J. Date, April, 19-21.
"Relations Beyond Compare," C. J. Date, May, 15-18.
"Domains, Relations, and Data Types," C. J. Date, June, 19-21.
"So Help Us Codd," D. Stodder, July, 5-6.
"Domains, Relations, and Data Types, Part II," C. J. Date, July, 19-21.
"Many Happy Returns!" C. J. Date, Sept., 19-22.
"Oh Oh Relational," C. J. Date, Oct., 23-27.

ReMind (Cognitive Systems)

"Data Mining: Tapping Into the Mother Lode," L. Lewinson, Feb., 50-56.

Remote Data Access (RDA), ISO

"DRDA, ISO RDA, X/Open: A Comparison," M. Zimowski, June, 54-61.

Replication, Data

"Replication: Answering the Call," F. Schuff, April, 27-30.
"Let the Replication Battle Begin," C. White, May, 21-24.
"Replication: DB2, Oracle, or Sybase?" D. Stacey, Dec., 42-50.

Repositories

"A Three-Tier Solution," C. Loosley, Feb., 23-25.
"Building on Today's Good Models," A. Tannenbaum, March, 26-31.
"The Next Generation of IRDS," T. Moriarty, March, 67-69.
"Repository and CASE: Harmony?" T. Moriarty, April, 68-71.
"A Framework for Managing Model Objects," K. Seer and M. Wise, Aug., 50-55.

REXX

"Building Your Own SQL Generator," D. K. Burleson, Jan., 45-52.

S-Designer (SDP Technologies)

"Generating the Physical," D. Plotkin, April, 75-77.
"A Data Modeling Gem," T. Moriarty, Oct., 73-76.

Security, Database

"Securing Your Enterprise," N. Alur, April, 23-25.
"Security in an Ad Hoc World," M. Chalfin, Aug., 32-40.

Software Configuration Management

"Organizing Chaos," D. Thomson, Oct., 56-63.

SQL

"Toil and Trouble," C. J. Date, Jan., 15-18.
"Putting the Pieces Together," C. J. Date,

Feb., 19-20.

"More on Dee and Dum," C. J. Date, March, 19-21.
"The Riddle of Vanishing Rows," B. Engles, April, 42-56.
"Dismissing Dynamic Dangers," C. S. Mullins, May, 57-59.
"Domains, Relations, and Data Types," C. J. Date, June, 19-21.
"Updating Union, Intersection, and Difference Views," C. J. Date and D. McGovern, June, 46-53.
"Simple Satisfaction," F. Schuff, Sept., 30-34.
"Trees, Databases, and SQL," J. Celko, Sept., 48-58.

SQL Access Group

"Plug 'n Play Data: Standards First," J. van den Hoven, Jan., 34-43.
"SQL Access Group Moves On," J. Melton, Feb., 67-69.

SQL Server (Sybase/Microsoft)

"Building the Franchise," D. Stodder, April, 5-6.
"Replication: Answering the Call," F. Schuff, April, 27-30.
"12 Clues to SQL Server Success," L. Hartzeltine, July, 58-60.
"Reengineering: Destination Workflow," S. G. Schur, Dec., 52-58.

SQL Standards, ANSI

"DRDA, ISO RDA, X/Open: A Comparison," M. Zimowski, June, 54-61.
"Practical Standards for SQL," J. Melton, Aug., 65-67.
"SQL's Set of Characters," J. Melton, Nov., 58-60.

Storage Management

"Old Demons Never Die," N. Alur, Aug., 21-23.

Stored Procedures

"Oracle7 Triggers: The Challenge of Mutating Tables," K. Owens and S. Adams, Oct., 47-55.

Sybase Inc.

"The Database Dozen," D. Stodder, Dec. Supp., 10-21.

Symmetric Multiprocessing

"Big Database Under Unix: What Can Make It Fly?" M. M. Davydov, Sept., 37-45.
"Parallel Database: The Shape of Things to Come," M. Ferguson, Oct., 32-44.

System Architect (Popkin Software)

"Building with the Architect," T. Moriarty, July, 54-57.

System 10 (Sybase)

"Parallel Database: The Shape of Things to Come," M. Ferguson, Oct., 32-44.
"Breaking Up is Hard to Do," M. Ferguson, Nov., 33-41.
"Replication: DB2, Oracle, or Sybase?" D. Stacey, Dec., 42-50.

The Database Designer (SerraCorp)

"Small, Fast, and Inexpensive," D. Plotkin, Oct., 68-69.

Three-Schema Architecture

"Visualizing Database Structures," D. C. Hay, June, 39-45.

Tools, DBA

"We're Not in Kansas Anymore," H. Fosdick, Dec. Supp., 30-34.

Trinzic Corp.

"The Database Dozen," D. Stodder, Dec. Supp., 10-21.

Unix

"Big Database Under Unix: What Can Make It Fly?" M. M. Davydov, Sept., 37-45.

Version Control

"Organizing Chaos," D. Thomson, Oct., 56-63.

Very Large Databases

"Processing in Parallel," C. White, Jan., 21-22.
"Big Database Under Unix: What Can Make It Fly?" M. M. Davydov, Sept., 37-45.
"The Future of Very Large Database," R. Winter, Dec., 26-31.

Views

"The Riddle of Vanishing Rows," B. Engles, April, 42-56.
"Visualizing Database Structures," D. C. Hay, June, 39-45.
"Updating Union, Intersection, and Difference Views," C. J. Date and D. McGovern, June, 46-53.
"Updating Joins and Other Views," C. J. Date and D. McGovern, Aug., 43-49.

Visual Programming Tools

"Comparing Apples to Apples," P. Winsberg, Sept., 25-28.

Warehouse, Data

"Let the Replication Battle Begin," C. White, May, 21-24.
"Achieving Warehouse Success," J. Bischoff, July, 26-33.
"Guidelines for Warehouse Development," V. Poe, Sept., 60-64.
"Reengineering: Destination Workflow," S. G. Schur, Dec., 52-58.

Windows (Microsoft), Database and

"A Winning Season," D. Plotkin, Feb., 58-59.

Winkler, Jerry

"The Next Generation of IRDS," T. Moriarty, March, 67-69.
"Repository and CASE: Harmony?" T. Moriarty, April, 68-71.

Workflow Computing

"One for All, All for One," P. Watt, Jan., 24-32.
"From the Ground Up," W. E. Rajput and B. von Halle, Sept., 13-16.
"Reengineering: Destination Workflow," S. G. Schur, Dec., 52-58.

X/Open

"DRDA, ISO RDA, X/Open: A Comparison," M. Zimowski, June, 54-61.

DATABASE LIBRARY REVIEWS

July: *Information Engineering: Strategic Systems Development* by Clive Finkelstein, Addison-Wesley, 1992. *Using Paradox for Windows*, Special Edition by James J. Townsend and Jennifer Lindsay, Que Books, 1992.
